Although the PDF-documents have been thoroughly checked, mistakes can always occur<sup>1</sup>. Therefore, with apologies and a sense of humor, the following legal precaution is necessary.

**Disclaimer:**

The author does not assume any liability whatsoever for the up-to-dateness, correctness, completeness, or quality of the offered information and data. Liability claims regarding damage caused by the use of any information provided, including any kind of material or immaterial nature, which may be based on incorrect or incomplete information and data, as far as there is no intent or gross negligence, are excluded.

## Terms of Use

The PDF-Files on this web-site are protected by copyright (see the front-matter of each PDF-File for details). They can be downloaded and used for non-commercial purposes provided that the source is acknowledged.

## Acknowledgements

It is a pleasure for the author to give credit to

- Dr. Andreas Rüdinger (Editorial Director, Springer Spektrum) for proposing to publish *Aufgaben und Lösungen zur Höheren Mathematik* and for providing excellent support for the four editions of the three volumes of the corresponding textbooks;
- the University of Stuttgart for granting publication rights and generous support for Mathematik-Online;
- Jörg Hörner for continuing outstanding technical support - the L<sup>A</sup>T<sub>E</sub>X check-boxes being his to date last contribution;
- Elisabeth Höllig for a meticulous (non-mathematical) proofreading.
- Maria Ungers-Wagner for her kind help with the web-design.

---

<sup>1</sup>A statement by a teaching assistant to encourage students, which the author will always remember: "This year, the final exam is not too difficult - your professor could check the results without committing any errors!".
